Docket No.: 245402007600

REMARKS/CONCLUSION

Claims 1-4 and 6-10 were pending in the present application. By virtue of this amendment new claim 11 has been added. Accordingly, claims 1-4 and 6-11 are currently under consideration. Support for the claim amendments can be found in the original claim language. Amendment and cancellation of certain claims is not to be construed as a dedication to the public of any of the subject matter of the claims as previously presented. No new matter has been added.

The arguments used in our earlier amendment, dated December 22, 2005, in response to the Office Action dated September 29, 2005, apply to the currently amended claims. In addition, new claim 11 should be allowed for at least the reason that it depends from an allowable base claim as discussed in our earlier response to the Office Action.

If it is determined that a telephone conference would expedite the prosecution of this application, the Examiner is invited to telephone the undersigned at the number given below.

In the event the U.S. Patent and Trademark Office determines that an extension and/or other relief is required, applicant petitions for any required relief including extensions of time and authorizes the Commissioner to charge the cost of such petitions and/or other fees due in connection with the filing of this document to Deposit Account No. 03-1952 referencing docket no. 245402007600. However, the Commissioner is not authorized to charge the cost of the issue fee to the Deposit Account.
